Descriere: The Housing Agency is inviting tenders for the provision of website development services. The services will comprise the development and maintenance of a website providing information to disabled people (this will include people with intellectual disabilities, visually impaired people, deaf people, and others). The website will act as a "one stop shop" for disability housing and related supports. The website must comply with the highest level of accessibility standards, specifically the AA standard under WCAG 2.2 (Web Content Accessibility Guidelines).
