Descriere: The University of Warwick, Physics Department, has a requirement for a turn-key high quality system, attendant equipment and software for low temperature vector magnetic field and light assisted scanning probe microscopy. Please refer to <http://in-tendhost.co.uk/universityofwarwick> for further information. You will be able to download the full tender documents from this site. Any queries in relation to this requirement should be directed to the University of Warwick via the correspondence functionality of our e-tendering system. Failure to do so may result in queries being excluded from the procedure. This is an ABOVE EU threshold tender. All correspondence regarding this tender procedure should be made through the University of Warwick In-Tend system (<https://in-tendhost.co.uk/universityofwarwick>) via the 'Correspondence' functionality. Failure to do so may result in the correspondence being excluded from the tender procedure. After expressing an interest in this project you will be able to download the full tender document set within 24 hours. All bids must be received by midday 26.6.2015.
