Termenul limita pentru depunere: 04.08.16

Descriere: Echipament rutier Încărcătoare de baterii Aparatură de iluminat și lămpi electrice Echipament electric Echipament electromecanic Echipament electrotehnic Echipament de radio, televiziune, comunicații, telecomunicații și articole conexe Echipament pentru controlul traficului rutier Panouri cu mesaje variabile Echipament de control al parcărilor Aparate de taxare Mobilier rutier Echipament de monitorizare a traficului Echipament de control, de siguranță, de semnalizare și de iluminat Senzori biometrici Instrumente de navigație și de meteorologie Instrumente de geologie și de geofizică Instrumente de măsurare Instrumente de verificare a proprietăților fizice Ceasuri de parcare Works for complete or part construction and civil engineering work Installation work of illumination and signalling systems Software package and information systems Repair and maintenance services Traffic monitoring services Feasibility study, advisory service, analysis Transport systems consultancy services Weather-forecasting services Technical testing, analysis and consultancy services Monitoring and control services Hardware consultancy services Software programming and consultancy services Data services Computer-related services Research and development services and related consultancy services Administration services Survey analysis services Feasibility study Social research services Public-opinion polling services Design consultancy services Printing and related services Traffic-calming works Supervision of project and documentation Cabluri de comunicații Echipament de comunicații System and support services Panouri de semnalizare și panouri de semnalizare luminoase Installation services of radio, television, sound and video equipment Installation services of computers and information-processing equipment Accesorii de alimentare Cutii de distribuție prin cablu Engineering-design services for traffic installations Installation

services (except software) Installation services of electrical and mechanical equipment Echipament de comandă și control, de siguranță și de semnalizare pentru șosele Installation of traffic lights Traffic-signal maintenance services Indicatoare rutiere luminoase Database systems Installation of traffic monitoring equipment Architectural, engineering and planning services Real-time passenger information system Installation of road lighting equipment Passenger information system Calculation of costs, monitoring of costs Maintenance services of public-lighting installations and traffic lights Echipament de prelucrare a datelor Installation services of electrical equipment Installation of traffic guidance equipment Draft plans (systems and integration) Project and design preparation, estimation of costs Semafoare Repair, maintenance and associated services related to aircraft, railways, roads and marine equipment Approval plans, working drawings and specifications System maintenance services Electronic bulletin boards Sisteme Informaționale Geografice (GIS sau echivalent) Data transmission services Data management services Data-processing services Data network management and support services Data analysis services Data storage services Echipament de transmisie de date Sisteme de navigare și de poziționare globală (GPS sau echivalente) Database services Data capture services Data collection and collation services Data network support services Data supply services Remote access software development services Closed circuit television services Document creation, drawing, imaging, scheduling and productivity software development services Data network management services Road-inspection services Echipament de iluminat stradal Mașini, aparate, echipamente și consumabile electrice; iluminat Piese pentru lămpi și corpuri de iluminat Construction structures and materials; auxiliary products to construction (except electric apparatus) Cable and related products Stâlpi de iluminat stradal Stâlpi de iluminat Lanterne Posts Cable Iluminat stradal Cable accessories Lămpi de iluminat stradal Frames Becuri Dispozitive de iluminare a tunelurilor Încărcătoare Aparate de reîncărcare Cabluri cu fibre optice pentru transmitere de informații Aparat portabil de emisie-recepție Cabluri și echipament de telecomunicații Cabluri de telecomunicații Cabluri cu fibre optice pentru transmiterea datelor Cabluri cu fibre optice Cabluri telefonice Highways consultancy services Network operating system software development services Construction project management services Business analysis consultancy services Pre-feasibility study and technological demonstration Test and evaluation Software integration consultancy services System quality assurance assessment and review services Computer audit consultancy and hardware consultancy services System software acceptance testing consultancy services Computer support and consultancy services Systems consultancy services Systems and technical consultancy services Project-management services other than for construction work Development of service level agreements Information systems or technology planning services Project management consultancy services Hardware integration consultancy services Computer-site planning consultancy services Hardware disaster-recovery consultancy services Hardware selection consultancy services Computer hardware acceptance testing consultancy services Semnalizatoare luminoase de pericol Bariere de protecție Componente de bariere Cable drums Borne luminoase Conuri de semnalizare Sârmă și cabluri izolate Balize Seturi de racordare a cablurilor Cabluri de telecomunicații cu fibre optice Jaloane de siguranță Parapete rutiere Vehicle refuelling services Cable broadcasting lines Cabluri de distribuție a curentului electric Parapete Bariere de siguranță Cablu de transmitere a datelor Garduri de siguranță Camere de televiziune cu circuit închis Echipament video General public services Industry specific software package Aparate de televiziune cu circuit închis Supporting services for the government Sisteme de măsurare a fluxului traficului Receptoare de televiziune și de radio și aparate de înregistrare sau de redare a sunetului sau a imaginii Vehicle-counting machines Aparate fotografice de control al vitezei Sistem video de supraveghere Administrative services for business operations Cititoare de carduri inteligente Operation of electrical installations Etichete cu coduri de bară Aparate de distribuție și control ale energiei electrice Carduri inteligente Electrical power systems design services
