Descriere: The Norwegian Defence Logistics Organisation (FLO) plans to procure different types of clothing and accessories shortly, for rescue personnel in the Norwegian Armed Forces, the Rescue Helicopter Service. The objective of the RFI is to give the Norwegian Defence Logistics Organisation detailed market information regarding possible suppliers, technical requirements/services, environmental considerations, as well as price and delivery time. The obtained information will be used to assess the project's feasibility and to determine the technical and commercial requirements of a procurement.
