Descriere: The aim of the procurement is to enter into a contract to cover the need for travel agency services. The contract shall ensure that the contracting authority has access to services with satisfactory quality and service at competitive prices and terms. The procurement shall also take into account the environment, GDPR, security and facilitation of an intuitive and user friendly self-ordering system. The agreement is very important for The Norwegian Parliament's representatives and the exercise of their roles. The role of the representatives involves some travels, and having a contract that ensures efficient orders, good prices and good solutions is therefore absolutely necessary. The contract shall be for cancer in the summer of 2024.
