Descriere: Parallel framework agreements shall be signed for consultancy services within digitalisation. The consultants on the framework agreement will help further develop and modernise Husbanken's digital tools and services in close cooperation with Husbanken's employees, where Husbanken himself is mainly responsible for the total delivery. Husbanken has a large number of integrations with other public actors and joint components that must be further developed and managed. There is a need for good quality of the offered consultancy services. There will be a need for services within several areas, including team management, design, testing and development. The contract period is 1/2 years + options for 1 1/2 + 1 + 1 year, total four years. Location: DrammenSe annex for more information!
