Descriere: Liverpool City Council wish to partner with a single Contractor to provide and manage a Refuse and Recycling Collections Service for residential and commercial properties within the City, in a way, which will enable the Council to reduce waste arisings, optimise recycling and recovery rates and maximise diversion from landfill. This would cover a period of ten years with an option to extend for a period of up to five years. The Council's current recycling rate is 31 % but in order to deliver the Mayor's vision the Council is aiming to exceed a recycling rate of 55 % by 2020 and 65 % - by 2025.The Council is dedicated to continuous service improvement and is keen to partner with an organisation that can provide innovation, new ways of working, new technologies and reduce carbon emissions.Please note that TUPE may be apply to this Contract.
