-----------------	----------	------------	----------

Descriere: Nordland hospital, department Bodø, has approx. 116 000 m² of buildings, which are currently being extended due to the expansion. Drift and eiendom (Operation and Property) is responsible for administration, operation and maintenance of all buildings connected to the health business. In connection with this, the contracting authority has chosen to enter into framework agreements regarding construction-related consumables. Planned procurements, contracts and other assignments are not included in this agreement. Please note, and emphasise that the estimated volume varies in relation to budgets and larger projects. The Contracting Authority therefore reserves the rights to place call-offs against the agreement, based on actual requirements. The tender contest shall be implemented as an open tender contest, in accordance with the regulations' section III. The contracts will be for 2 years, with an option for an extension of 1+1 year. The Contracting Authority is open to enter into an agreement with several suppliers. It is therefore possible to submit tenders on product groups, product groups as well as entire assortments. The contract will be valid for Nordlandssykehuset HF the Sentrum, Rønvik and Mellomåsen Departments.
