Descriere: 258/SW/N/15 Framework for Supply of Metallic Powders
The University of Sheffield wishes to invite tenders for supply to the Advanced Manufacturing Research Centre at Catcliffe and to Faculty of Engineering at Sheffield. Scope of Requirement: The University of Sheffield wishes to establish a framework agreement with a number of Suppliers to enable requirements for metallic powders to be called off, for supply in the most economically advantageous manner. This requirement for metallic powder feed stocks arises from the technologies employed at both the Mercury Centre and AMRC; these processes currently include the following:— Additive Layer Manufacturing— Metal Injection Moulding (MIM)— Hot Isostatic Pressing (HIP)— Spark Plasma Sintering (SPS)— Diode Laser Cladding (DLC) Framework will be for initial period from the 1.8.2015 until the 31.7.2016 with an option to extend annually, post review on each anniversary, until 31.7.2018. Tender Process and Documentation: This is an EU open exercise. The ITT can be downloaded by registering and expressing your interest on the University's e-tendering system <https://in-tendhost.co.uk/Sheffield>. If you have any questions or comments in relation to this tender they must be submitted via the In-tend System, this can be accessed at <https://in-tendhost.co.uk/Sheffield> Completed tenders must be returned through the same e-tendering system. Closing date for receipt of tenders: 22.6.2015 at 12:00 (UK time).
