

2023/9253 - Procurement of medicines, associated products and packing single dose and multi-dose.

I.D.: 90418285

Data publicarii	07.12.23	Coduri CPV	33000000
Termenul limita pentru depunere:	12.01.24	Pretul estimativ:	55.000.000,00 NOK 55.000.000,00 NOK

Descriere: The contract is for the procurement and delivery of medicines, associated products and packing single and multi-dose products. Tenderers shall be the total supplier of the Agreement and shall always be able to deliver all types of medicines that are available on the market, cf. the regulations on pharmacy (the pharmacy regulations). Tenderers shall also be able to deliver special orders (medicines), such as pain pumps/cassettes, TPN, intravenous antibiotics and similar products. Products under the Agreement shall be delivered directly from the wholesaler and via contact pharmacies. The tenderer's contact pharmacies shall be deliverable for medicines in the event of emergency orders for home services and institution deliveries. See the tender documentation for further information on the extent of the procurement. The procurement will be carried out by Bodø municipality (administrative party) in cooperation with cooperating municipalities, see the tender documentation and contract annex 1.
