Descriere: The Contracting Authority manages and operates more than 180 football pitches. The Contracting Authority shall continually procure football goals and the accompanying spare parts for these football pitches. The estimated scope/value is approx. NOK 2,400,000 excluding VAT per annum, which is approx. NOK 9,600,000 excluding VAT for the entire framework agreement period (including the option years). The estimate is based on the expected annual need and previous experiences/contracts. The annual procurement can vary from year to year, and it will depend on financial framework terms and political decisions. The estimated value does not represent any obligation for the Contracting Authority or rights for the tenderer. The maximum value of the procurement is NOK 15,000,000 excluding VAT over the entire framework agreement period. The maximum financial limit is set to ensure necessary frameworks if the need is greater than anticipated. See Annex 3 the Contracting Authority's requirement specifications and the tenderer's solution description for further information on the contract's extent.
