Descriere: Electricitate, încălzire, energie solară și nucleară Aburi, apă caldă și produse conexe
Încălzire urbană Încălzire la distanță Energie solară Panouri solare Captori solari pentru
producerea căldurii Module solare fotovoltaice Instalație solară Wind-energy generators
Parts of electricity distribution or control apparatus Insulated wire and cable Power
distribution cables Electric conductors for data and control purposes Primary cells Primary
batteries Electric accumulators Batteries Electricity supplies Power or solar diodes
Telemetry and control equipment Water meters Energy meters Water installations Water
heaters and heating for buildings; plumbing equipment Heating equipment Air-conditioning
appliances Machinery for the production and use of mechanical power Pumps Boiler
installations Cooling and ventilation equipment Scada or equivalent system Thermal
insulating material Heating materials Distance-heating pipes Pipe fittings Pipe joints
Insulated joints Boilers Heat-recovery systems Construction work Excavating work Works for
complete or part construction and civil engineering work Building construction work
Engineering works and construction works General construction work for pipelines
Installation of pipe system District-heating mains construction work Construction works for
power plants and heating plants Wind-power installation works Heating plant construction
work Cogeneration plant construction work District-heating plant construction work Repair
and maintenance of plant Heating-plant repair and maintenance work Plant upgrade work
Building installation work Electrical installation work of heating and other electrical building-
equipment Electricity supply installations Insulation work Thermal insulation work Heating,
ventilation and air-conditioning installation work Computer control system Billing system
Repair and maintenance services Repair and maintenance services of water meters Repair
and maintenance services of boilers Gas appliance maintenance services Repair and
maintenance services of building installations Repair and maintenance services of electrical
and mechanical building installations Commissioning of heating installations Installation
services of electrical and mechanical equipment Public utilities Other sources of energy
supplies and distribution Operation of a power plant Meter reading service Financial and
insurance services Architectural, construction, engineering and inspection services
Engineering services Consultative engineering and construction services Civil engineering
consultancy services Structural engineering consultancy services Environmental
engineering consultancy services Energy and related services Energy-management services
Energy-efficiency consultancy services Heating engineering services for buildings
Engineering design services Heating-system design services Engineering design services for
the construction of civil engineering works Pipeline-design services Mechanical and
electrical engineering services Urban planning services Construction-related services
Construction consultancy services Construction management services Construction project
management services Project management consultancy services Environmental
management Building services Quantity surveying services for civil engineering works
Engineering-design services for industrial process and production
