Descriere: Procurement of a complete arthroscopy rack with shaver and pump and affiliated equipment dependent consumables for Helse Stavanger HF. Options shall be offered for the procurement of two complete arthroscopy racks (without shavers and pumps), 2 shavers with pump (without rack), 8 autoclavable camera heads, 2 arms for attaching the documentation unit (19" PC with VESA fixing), service (cf. Annex 5 - Overview of service levels), service course, shaver handles for replacement/supplementary procurements (shall be included in the catalogue for the framework agreement), optics for replacement/supplementary procurements (shall be included in the catalogue for the framework agreement) and other shaver blades (additional assortment shall be included in the catalogue for the framework agreement). The equipment shall be used for arthroscopy of knees, shoulders, shadows and ankles, both for children and adults. Due to staff holidays, questions will not be answered in weeks 52-2. Any questions asked in this period will be answered in week 3.
