Descriere: Swedavia intends to procure the deicing agent Formate in liquid and solid form (AMS 1431 and AMS 1435, latest versions), for the airports' movement areas (runways, taxiways and aprons). The airports included in this procurement are: Stockholm Arlanda Airport, Bromma Airport, Gothenburg Landvetter Airport, Malmö Airport, Umeå Airport and Kiruna Airport with an option for Åre Östersund Airport. If the candidate wants to use the European Single Procurement Document (ESPD) this will be made available by Swedavia upon request. The document can then be filled out and enclosed to the application. If the candidate invokes the capacity of another company, they shall also fill in an ESPD. Please note that this is voluntarily. Verification of information stated in ESPD will be done before notification of contract award decision is sent out.
