Descriere: EMEPRL (hereinafter referred to as Contracting Entity) is seeking information from the EIA consulting market in respect of its future requirements relating to: - Developing a comprehensive and representative set of select environmental reference (baseline) studies; - Preparing supporting documentation for use throughout the Romanian regulatory (permitting) authorization process, including the Environmental Assessment and Environmental Approval procedures that include development of a comprehensive and robust Environmental Impact Assessment (EIA); and, - Preparing supporting information for EMEPRL use to secure the Development Approval and authorization to start construction of the potential gas development in the Black Sea Neptun Deepwater Block, offshore Romania. for a potential gas development in the Black Sea Neptun Deepwater Block, offshore Romania. The Contracting Entity is seeking suitably experienced and qualified economic operators to participate in the Market Consultation, which will help shape and inform/ground the decisions moving forward with the regulatory-related strategy for execution of the Neptun Deep Project. Please be advised that ExxonMobil Exploration and Production Romania Limited Nassau (Bahamas) Sucursala Bucuresti ("EMEPRL") is conducting this Market Consultation as the operator of the Neptun Deep Project. This inquiry, as well as other similar inquiries, are a part of EMEPRL's preparatory activities necessary to evaluate the technical and economic conditions for the project. No decision has yet been made to move forward with the Neptun Deep Project, and a wide range of issues will influence such decision to invest. Therefore, EMEPRL will not necessarily conclude any contracts as a result of this inquiry. For additional information, please see the Market Consultation Document included below.
