

License for Episervers/Optimizely DXP cloud system

I.D.: 89959341

Data publicarii	23.11.23	Coduri CPV	72000000
-----------------	----------	------------	----------

Descriere: For security and technical reasons, Finanstilsynet needs to upgrade the authority's website from a license on Episerver/Optimizely to a license for Optimizely DXP (Digital Experience Platform). This will contribute to stable and secure operation and improved protection. The Financial Supervisory Authority of Norway plans to enter into a contract for the procurement of a cloud service licence from Optimizely AB for finanstilsynet.no. The contract will include cloud operation of Episerver/Optimizely licences, including establishment, operation, security mechanisms, monitoring and support of the cloud service. The contract will be valid for two years, with an option for an automatic extension for one year at a time after this.
