Descriere: Stavanger municipality shall enter into a contract with a tenderer for a new cloud based Case-archive system. The needs that shall be covered in the new system are case processing, archiving documents, political proceedings, access management, case processing of technical cases in accordance with KS's product specifications on eByggesak and ePlansak, archiving rights documentation for children/students and making available previous case-archive systems. Seamlessness between eByggesak/ePlansak and case archive is important for having the most efficient case handling.
