Descriere: HCC wish to invite companies to tender for the design, build, development, hosting and maintenance of the Visit Hampshire website. For indicative purposes the budget for this is forecast as 30 000 GBP for the initial build, plus there will be further budget for on-going services for each year of the contract e.g. website hosting, support and maintenance, SEO, licence fees etc. Additional budgets above what has been stated will be dependent on work commissioned from other organisations and available funding streams. The contract length will be 3 years plus a 2 year extension (3+1+1). Subject to satisfactory performance, Hampshire County Council may consider extending the contract on a year by year basis to have a final expiry date quarter 1/2021. The contract will commence during quarter 4/2015 for an initial period of 3 years to expire nominally on 31.3.2019.
