Descriere: Looking for a contractor to undertake design, construction, completion and commissioning of circa 37 000 m of Academic Teaching buildings forming 5 to 6 individual buildings comprising mixed use teaching spaces, catering, commercial and sports facilities to achieve BREEAM Excellent. Restoration of the listed Engine Shed and adjacent office building to provide administration and pastoral services for the Student Union. Public realm works to provide new hard and soft landscaping including raising site levels, sports pitches, grade level car parking, final road/footpath finishes, street furniture, lighting and external security installations. The brown field site will be re-mediated prior to commencement of this contract. A package of works to provide site wide infrastructure is anticipated to be completed in August 2016. This infrastructure package (completed by others), will include underground services, bridges, roads to sub base level, demolition of PowerStation facade.
