Descriere: The County Governor operates a canteen in Statens hus in Moss. Statens hus has approx. 265 employees from the County Governor and the Norwegian Tax Administration. We would like to enter into a framework agreement with 1 tenderer, who will see to the procurement of wholesaler products for the operation of the canteen. Tenderers must be a full-range supplier for this type of delivery, and shall have a broad product range to offer the contracting authority. All tenders must be submitted electronically via the Merccell portal at www.merccell.no within the tender deadline. Late tenders will be rejected. (The system does not allow tenders to be sent in electronically via Merccell subsequent to the deadline for receipt of tenders). If you are not a Merccell user, or you have any questions related to functionality of the system, e.g. how to submit tenders, please contact Merccell Support on Tel. +47 21018860 or by e-mail to: support@merccell.com. It is recommended that the tender is submitted well before the deadline, for example a minimum of 1 hour before the tender deadline expires. In the event that additional information from the Contracting Authority leads to you wanting to revise your tender before the tender deadline expires, you can go in and open the tender, make changes and resubmit right up until the tender deadline expires. The last submitted tender will be considered the tender of record. The tender requires an electronic signature upon delivery. During the submission of the tender you will be asked for an electronic signature to prove that it is the actual tenderer who has sent the tender. You can obtain an electronic signature at www.commfides.com, www.buypass.no or www.bankid.no. Please note that it may take several days for the electronic signature to be delivered to you and as such this process should be initiated as soon as possible. Electronic signature outside Norway: Attention is drawn to the fact that the Merccell portal supports the following signatures from Sweden and Denmark: Sweden: Svensk Bank ID, Nordea Denmark: Nem ID, TDC/OCES. Within the EU Merccell uses a service provided by Unizeto (<http://unizeto.eu/>) through a contract with DIFI and the EU project PEPPOL (www.peppol.eu). This supports most X.509 certificates, but it is not possible to list all the relevant certificates. Merccell recommends that one tests signing with the certificate one has available as soon as possible (in good time before the tender deadline). The test functionality is in the registration/tender submission stages. The Contracting Authority uses Merccell Sourcing Service.
