Termenul limita pentru depunere:	16.07.15 17:00

Descriere: NHS Tayside has a requirement for support and maintenance to be provided to existing PBX telephony infrastructure as listed in Appendix A.NHS Tayside has over 100 operational sites with an estimated 10 500 end users, currently being serviced by a diverse range of legacy telecommunications equipment via analogue and digital infrastructure at 45 sites.Due to this ageing infrastructure, NHS Tayside has agreed a Unified Communications (UC) strategy alongside a site consolidation plan. This strategy will support a phased deployment towards a single end user device i.e. Smartphone and will commence with the procurement of a UC solution followed by a phased transition of consolidated sites over the next 12 to 24 months.Note: The buyer is using PCS-Tender to carry out this procurement process. Please note this is a separate website and if you are not already registered, registration will be required.To access PCS-Tender, record your interest in this notice and access the tender documentation please visit https://www.publictendersscotland.publiccontractsscotland.gov.uk and search for project Code 4282 under ITTs Open to All Suppliers. Please use the Search/Filter function, then select Project Code from the dropdown. Please note that once you have expressed interest in the ITT it will move to your My ITTs area.For further information on using PCS-Tender, please read the Supplier Response Guide: https://www.publictendersscotland.publiccontractsscotland.gov.uk/esop/pts-host/public/pts/supplierhelppage/PCS-TSupplierResponseGuide.pdfIf you have already registered on Public Contracts Scotland and PCS-Tender and paired your accounts you can access PCS-Tender through your Public Contracts Scotland Control Panel.
