

Safety technology for persons living at home and employees.

I.D.: 90868931

Data publicarii	12.12.23	Coduri CPV	72212180
-----------------	----------	------------	----------

Descriere: The competition is for the delivery of safety and mastering technology for persons living at home and for employees, who also include patient signalling and hospital installations. The municipalities have already invested in the existing units. It is therefore important for the contracting authority's already procured units that can still be used and supported fully in the system. For a description of the participants in the procurement: Kåfjord municipality is the host municipality for the cooperation. Kvænangen, Nordreisa, Skjervøy, Kåfjord, Lyngen and Storfjord municipalities are participating in this competition. The church councils and the growth companies in Nord-Troms procurement service's municipalities are also participants in the competition. Berlevåg municipality has an option for the procurement. The procurement's value is estimated to: NOK 900,000 - NOK 2,000,000 excluding VAT per annum. The volume is an estimate and is not binding for the contracting authority. See the procurement documents for further information. A draft of the tender documentation is attached to this qualification documentation. The contracting authority reserves the right to make minor, not significant changes to this basis before tenderers are invited to submit a tender.
