Descriere: The procurement concerns contracts for operation, maintenance and care in zone north. Sone nord makes up the Arna and Åsane districts in Bergen municipality. The agreement is divided into two sub-contracts, and these are: - Sub-contract 1: Road - Zone North- Lot 2: Park - Zone north There are strict environmental requirements for both sub-contracts. This includes, among other things, comprehensive use of zero emission technology for the execution of work. Furthermore, there are social responsibility requirements for both sub-contracts. See the other procurement documents for further information.
