Descriere: The competition is for a framework agreement for the delivery of services connected to plumbing, heating, sanitation and sprinkler installations, as well as assignments connected to public water and sewage infrastructure within water supply and sewage treatment. The procurement's value is estimated to: NOK 10,000,000 excluding VAT per annum. The maximum value for the entire contract period, including any options and expected price rise: NOK 45,000,000 excluding VAT. The need is uncertain. The volume can vary both up and down and the contract period will depend on, among other things, the contracting authority's needs, activities, budgetary situations and other framework factors. See the procurement documents for further information.
