Descriere: Fierastrau circular EINHELL TC-CS 1410, 1410 W - producator EINHELL Product description  
The Einhell TC-CS 1410 hand-held circular saw offers an impressive combination of easy handling and 1,410 W of power. This hand-held circular saw is recommended when excellent performance in combination with easy handling is required. The user-friendly hand-held circular saw can be used to perform a wide range of sizing cuts in a variety of materials with ease and is suitable for all sorts of assignments. Hand-held circular saws are ideal for long, straight and accurate cuts. For even greater precision it can be used in combination with the compatible guide rail system from Einhell. The cutting depth and tilt angle are adjusted without the need for any tools, and changing the saw blade is also just as easy thanks to the spindle locking system. The product is supplied complete with the high-grade carbide saw blade for clean and straight cuts. Saw blades with an internal diameter of 30 mm are compatible with the hand-held circular saw. The maximum cutting depth at an angle of 45° is 46 mm and the cutting depth at an angle of 90° is 67 mm. The large additional handle enables operation without fatigue even on long work sessions. There is also a splitter for extra safety during operation. The hand-held circular saw has a dust extraction connection for compatible devices to help keep the workplace clean.
