Descriere: The Norwegian Public Roads Administration is constantly changing and will regularly require assistance with moving assignments both internally in buildings, between buildings and in connection with building works. The aim of the procurement is to enter into framework agreements for assistance with moving services, so that the agency can handle future moving projects in a good and cost efficient way. The framework agreement is divided into 3 sub-contracts, divided between geographical areas: • Sub-contract 1 (North) includes Møre og Romsdal, Trøndelag, Nordland, Troms and Finnmark. • Sub-contract 2 (East) includes Oslo, Østfold, Akershus, Buskerud and Innlandet. • Sub-contract 3 (Southwest) includes Vestfold, Telemark, Agder, Rogaland and Vestland. Tenderers can submit tenders for one or more sub-contract(s). Each individual sub-contract will be evaluated separately, based on the award criteria stated in the requirements/criteria in the tender management tool KGV. The contracting authority will enter into a contract with one tenderer for each sub-contract.
