
Bench top pH/mV/conductivity/DO meter pHenomenal MU 6100 L S1 kit R5945(270)VP

I.D.: 104985990

Data publicarii 30.10.24

Coduri CPV

38416000-4

Pretul estimativ: 6.750,00 RON - 6.750,00 RON

Descriere: Bench top pH/mV/conductivity/DO meter pHenomenal MU 6100 L S1 kit; User friendly instrument, with articulated electrode stand and IP 43-rated housing, provides high resolution and accuracy for precise multi-parameter measurements. This meter can either measure pH/mV and conductivity or pH/mV and oxygen simultaneously. Complete with USB output for connection to a computer. GLP compliant. Large graphic LCD with continuous LED backlight shows the measured parameter and the temperature value simultaneously Data logging function selectable between 1 min and 1 h; memory capacity of 5000 data sets Automatic power shut-off: Adjustable from 10 min to 24 h Automatic buffer recognition of DIN and NIST buffers (1,68 / 4,00 / 6,86 / 9,18 / 12,54) Three additional technical buffers at 25 °C (4,00 / 7,00 / 10,00) in memory Advanced self-test and diagnostics (electrode efficiency diagnostic, drift control); calibration symbol shows when recalibration is required Low energy consumption. Choice of mains supply or 4× AA batteries for over 1000 operating hours Delivery information: Ready to use MU 6100 L S1 kit (665-0309) includes bench multi-parameter meter, glass pH electrode pHenomenal 221 with built-in temperature sensor (1 m cable), conductivity probe CO 11 with built-in temperature sensor (1,5 m cable), articulated stand, 50 ml plastic beaker, 50 ml buffer 4, 50 ml buffer 7, plugin power supply, short instructions and instruction manual (22 languages) on CD ROM. mai putin
