Descriere: Entertainment services. Theatrical producer entertainment services. Theatrical producers', singer groups', bands' and orchestras' entertainment services. We are looking for a Pantomime provider who can 'WOW' us and take us onto the next level. The Palace Theatre has hosted a professional pantomime since the late 1990's. The annual pantomime has become a regular and much-loved fixture in the programme of both the venue and Redditch, and is also one of the Theatres flagship productions. We desperately need to see sales increase and income grow and for our production to be acknowledged as the strongest and most attractive both on a local and regional level.
