Descriere: Stavanger municipality c/o Sport and outdoor environment shall enter into a contract for the procurement of one special vehicle for flushing and suction of the pipeline network and emptying interceptors for sludge, and more, hereafter called a flushing and suction vehicle. The flushing and suction vehicle shall be delivered during 1 October 2025 but not later than 31 March 2026. The vehicle that covers our need shall be approved and in accordance with the current rules, in accordance with Norwegian laws and regulations. Necessary marking, CE marking, shall be carried out. The vehicle shall be delivered to Stavanger municipality, registered, ready for use and certified at Stavanger traffic station. Costs in connection with certification and registration in Norway shall include the tender. The delivery date shall be calculated from the date of the completed flushing and suction vehicle, where the delivery place is (DAP Incoterms) Stavanger municipality, The Norwegian Public Roads Administration, Stavanger traffic station, Chr. August Thorings veg 12, 4033 Stavanger.
